Note: The table is based on 1,025 reporting institutions for salary and 979 for compensation. For definitions of categories, see Explanation of Statistical Data on page 29 of the March–April 2018 issue. N.d. = no data. There were too few private-independent and religiously affiliated institutions in categories III and IV to generate valid separate statistics. These institutions are included in the All Combined column, however. Data are weighted by the number of faculty per institution. Prior to 2016–17, weighted averages were used in the national tables of average salary and compensation. Unweighted averages were used in 2016–17 and in the original tables for 2017–18. These final tables for 2017–18 use weighted averages.
